Promulgated: _May 11, 2010_

RESOLUTION NO. _8900_

WHEREAS, the COMELEC Central Server and the Server intended for the Dominant Majority Party, Dominant Minority Party, KBP and Citizens Arm have been set to accept electronically transmitted precinct results at the close of polls at 6:00 o'clock in the evening;

WHEREAS, the Municipal/City, District and Provincial Boards of Canvassers have initialized their respective canvassing and consolidation servers at 12:00 noon today;

WHEREAS, there have been precincts that completed the transmission of electronic results earlier than 6:00 o'clock in the evening;

WHEREAS, said electronically transmitted results have been received by the canvassing and consolidation servers of their respective municipal boards of canvassers, but not by the COMELEC Central Server and KBP

1

Server, which will result in discrepancies on the total number of votes received by the different servers;

WHEREAS, maintaining the original schedule for the acceptance of precinct results by the COMELEC Central Server and KBP Server may cause more discrepancies in case more precincts transmit their precinct result before 6:00 o'clock in the evening;

WHEREAS, re-transmission of precinct results will not produce double entries in the municipal canvass because previously transmitted precincts results will no longer be accepted by the canvassing and consolidation servers of the municipal boards of canvassers.

NOW, THEREFORE, by virtue of the powers vested in it by the Constitution, Omnibus Election Code, Republic Act No. 9369 and other election laws, the Commission **RESOLVED**, as it hereby **RESOLVES**:

1. To direct that Information Technology Department to enable the COMELEC Central Server and the Server intended for the Dominant Majority Party, Dominant Minority Party, KBP and Citizens Arm to accept electronically transmitted results beginning at 5:30 o'clock in the afternoon of May 10, 2010;

2. To direct the Election Officers concerned to require the boards of election inspectors which caused the early transmission of precinct results to remain in the precinct in order to re-transmit the precinct results so that the COMELEC Central Server and the Server intended for the Dominant Majority Party, Dominant Minority Party, KBP and Citizens Arm may receive the electronically transmitted precinct results previously transmitted to the municipal boards of canvassers. In the alternative, in case the boards of election inspectors have already left the precinct, the Election Officer shall cause, in the presence of watchers and representatives of political parties present, the retrieval of the main memory card of the PCOS so that the precinct results may be

2

transmitted, through the use of the canvassing and consolidation server of the municipal boards of canvassers concerned, to the COMELEC Central Server and the Server intended for the Dominant Majority Party, Dominant Minority Party, KBP and Citizens Arm.

Let the Supervisory Committee implement this Resolution.
